Subject: City Council Update

North Star Destinations will make a presentation at our Study Session concerning the findings of the various surveys they have conducted.

The first meeting in June is the time to approve the budget for the coming fiscal year for both the YMA and the City. The budget resolution is the only action item for the YMA. Under the City Council Agenda we have a rather long Consent Agenda consisting primarily of Interlocal agreements and our contract with the school concerning SRO's. We have five action items for your consideration plus three emergency clauses for the three proposed ordinances. The first is the approval of the budget followed by our annual Interlocal Cooperative Agreement for Municipal Court Jurisdiction Concerning Juveniles.

The first ordinance for your consideration is Ordinance No. 1288 that would repeal the \$50 fee that business customers have to pay if they use an outside trash hauling service. If you approve this action, there is an emergency clause that needs to be passed for it to take effect immediately. The second ordinance for your consideration is Ordinance No. 1289 that provides for an amendment requiring the use of helmets for persons under the age of eighteen (18) when operating or riding a bicycle or skateboard. And the third ordinance for your consideration is Ordinance No. 1290 that provides for an amendment prohibiting the placement of an oil or natural gas well on platted property or property for which there is a current preliminary plat.

A handwritten signature in blue ink that reads "Grayson Bottom". The signature is fluid and cursive, with the first name "Grayson" and last name "Bottom" clearly distinguishable.
